

Who are you? Μπορείς να είσαι;

Jennifer Almanza // Sean Cho // Esther Lee // Insia Haque

Fall 2022

What? Why?

We will distribute cards to
passerby:

Directing them

Compelling them to reflect

At our exhibit, participants:

Are alone with their reflection and headspace

Are free to share their own reflection

GO DEEPER

Who
Are
you

breathe.

look see
listen hear

Where? People;

Will be placed on patio near the compass as
it is meant for people of the Penn community

By having it in a trafficked area for multiple
days, we highlight the idea that self-
reflection and expressing your thoughts/
emotions should be available to anyone

How? How?

Setting Up:

We plan to set up a portable hard-walled booth and hang up mirrors inside. We will have a table inside with the post-it notes, pens, and tape if necessary. We place the noise machine in the inner corner for an ambient effect

Why?

Penn Face and the fast-paced Penn
student life

There is no time think about yourself
and when you do, you might begin to
loathe your life when comparing to what
others portray
